Sequence Modeling Trends
-Natural Language and Video Processing

WORKSHOP

SPEAKER:
Mehdi Norouzi
Associate Professor,
Electrical Engineering and computer science,
University of Cincinnati

THU. – FRI.
23–24 MARCH 2023

THU. 4:00 PM – 7:50 PM
FRI. 1:00 PM – 7:15 PM

4th floor Electrical Engineering Building, PC Classroom EE401

REGISTER NOW

Target Audience

Engineering and non-engineering students interested in recent trends in AI focusing on Video processing.

TOPICS

Day1 Module -1
Python in a glance!

Day1 Module 0
Machine learning Simplified!

*Optional and prepared for the target audience may not have a programming or ML background.

Day2 Module 1
Image/Short clip representation

Day2 Module 2
Video Structure Analysis

*Module 1 and 2 are connected.
