

{ Lin, Chang } Awards

※ Awards and Prizes Granted

1. The First-place Young Scientist Award for Best Paper Presentation Granted to Ms. Wei-Ying Wong, the supervised student of Ph.D. program, in the 9th Chinese-German Joint Symposium on Hydraulic and Ocean Engineering during Nov. 12-13, 2018 at National Cheng Kung University, Tainan, Taiwan.
2. The Second-place Award for Best Poster Presentation Granted to Ms. Wei-Ying Wong, the supervised student of Ph.D. program, in the South China Sea Tsunami Workshop during Oct. 10-11, 2018 at the National University of Singapore, Singapore.
3. The Second-place Award for Poster Presentation Granted to Ms. Wei-Ying Wong, the supervised student of Ph.D. program, in the 39th Conference on Ocean Engineering in Taiwan during Nov. 16-17, 2017 at Hung Kuang University of Science and Technology, Taichung, Taiwan.
4. The First-place Award for Poster Presentation Granted to Ms. Wei-Ying Wong, the supervised student of Ph.D. program, in the First Forum of Chinese Society of Visual Science and Art on Sep. 09, 2017 at St. John's University, New Taipei City, Taiwan.
5. The Second-place Award for Poster Presentation Granted to Ms. Wei-Ying Wong, the supervised student of Ph.D. program, in the APEC Typhoon Symposium on May 02, 2017 at Taiwan University, Taipei, Taiwan.
6. Distinguished Engineering Professor Award, Chinese Institute of Engineers (June 2016)
7. Research Award, Taiwan Water Supply and Drainage Society (Dec. 2015)
8. Excellent Service Award, National Chung Hsing University (Aug. 2015)
9. Paper Award, Journal of Mechanics, Society of Theoretical and Applied Mechanics, R. O. C. (Nov. 2012)
10. Paper Award, College of Engineering, National Chung Hsing University (June 18, 2015)
11. Best Poster-Exhibition Award for paper presented in Asian Symposium on Visualization (May 2013)
12. Academic Award, Chinese Society of Civil and Hydraulic Engineering (2003)
13. Academic Award, College of Engineering, National Chung Hsing University (2002)
14. Academic Award, Chinese Society of Civil and Hydraulic Engineering (1990)
